Prayer Points:

Thank God for setting boundaries on earth and in the heavenly places.

Father, have mercy on us in any way we misuse the power of creation for our selfish ambition against your will.

Father, please fix the foundation of the earth and restore the climate in the world.

Father, arise and bring an end to all man-made economic crisis in the nations around the globe.

Father, in your Mighty hand restore and establish the economy in South Africa and around the globe.

Father, whisper in the ears of economic experts and business leaders, inspire them with supernatural ideas to turn around the economy globally.

Father, in your own method raise kingdom minded financial treasurers, that they can reposition the economy, in order to expand your kingdom. So, that many can experience your provision and give you glory.

Father, let the light of your children shine brighter than the climate and the economy.

May your saints bring forth the solutions to the nations because of Your majesty.
